

From the New York Mirror.
FIRST IMPRESSIONS, OR NOTES BY THE WAY.
BY NATHANIEL P. WILLIS.
(Concluded.)

stood the life tracks of the powerful Janissaries, from the side of Sultan Aehmet the cannon were fired upon them, as they rushed from the conflagration in. And here, when Constantinople was the "second Rome," we witnessed the triumphal processions of Christian conquest, the march of the crusaders, bound in Palestine, and the civil tumults which Justinian, ruling among the people with the gospel in his hand, in vain to allay ere they burnt the great edifice built in ruins of the temple of Solomon. And around this now neglected area, the captive Gelinor followed the chariot of the conquering Belisarius, recalling the words of Solomon, "Vaults of vaults! I tell you vanity!" while the conqueror himself, throwing aside his crown, prostrated himself at the feet of the beautiful Empress, raised from a Roman actress to be the Christian empress of the east. From any elevated point of view, you may still see the ruins of the palace of the invader warrior, and read yours a lesson on human

new article. Also, a few splendid English black silks—at RODGERS' Imperial Stock Manufactory, No 6 Building, July 1

MON SYRUP, of very superior quality manufactured and for sale on such terms as to make it an object for users to call before buying. A. BOYDEN, 15

FOR CONGRESS—DISTRICT

No. 4—JAMES RUSSELL, of East Cambridge.
" 5—MATURIN L. FISHER, of Worcester.
" 7—THEODORE SEDGWICK, of Stockbridge.
" 9—DANIEL THURBER, of Mendon.MORE GOOD NEWS!
DEMOCRACY STILL TRIUMPHANT!

Pennsylvania.—The returns from the "Key Stone State" continue favorable—for the following we are indebted to the N. Y. Evening Post:—

CONGRESSIONAL ELECTION.

Districts.	Dem. maj.	Bank.
1st Philadelphia—Sutherland,	1400	
2d do Ingersoll		1800
3d do Ash,	1100	
4th Lancaster, Chester and Delaware—Hiest, Potts, and Darlington, about		1500
5th Montgomery—Fry,	700	
6th Bucks—Morris, about		300
7th Northampton, Wayne and Pike—Wagner,	2800	
8th Schuylkill and Lehigh—Hubley,	1100	
9th Berks—Mahlberg,	4000	
10th Dauphin and Lebanon—Clark,		400
11th York—Logan	600	
12th Adams and Franklin—Chambers, estimated,		800
13th Cumberland, Perry and Juniata—Miller,	200	
14th Huntingdon, Centre and Mifflin—Henderson, estimated,		800
15th Luzerne and Columbia—Beaumont,	800	
16th Lycoming, Northumberland and Union—Anthony,	2400	
17th Bradford, Tioga, Susquehanna, Potter and McKean, not heard from, but no doubt of the election of Laporte, democratic candidate.		
18th Bedford, Somerset and Cambria—Somerset gives a majority of 700 for Ogle, Bank, but Bedford and Cambria will give large ones for Mann, Jackson. Mann is certainly elected, an opposition slip admits it.		
19th Westmoreland and Indiana, Killingsworth,	1400	
20th Fayette and Green—said to have given 1000 majority for our man, Buchanan.		
21st Washington—Not heard from. We fear that McKean has beaten Ringland, our candidate. If so, it is to be regretted, as Ringland is a consistent democrat and amiable man. I do not give him up yet.		
22d Allegheny—Denny,	400	
23d Armstrong, Clearfield, Jefferson and Butler, not heard from. Samuel S. Harrison, our candidate, will be elected by a large majority.		
24th Beaver and Mercer. By a slip sent on this morning our candidate, Power, has a majority of 58 in Beaver. His election depends on Mercer. It is very doubtful.		
25th Venango, Warren, Crawford and Erie, not heard from. Crawford has given our candidate, Galbraith, near 800 certain. He will be elected, and his majority in the whole district will be large.		

Add Mann's majority in the 18th District, said to be 900
Estimated Democratic majorities in the 17th, 20th, 23d and 25th Districts, 4500
22,700

New Jersey.—The entire Democratic Congress ticket has succeeded by a majority of 1141 votes, and the Democratic majority in the State Legislature will be ten in joint ballot, or eight in the assembly, and two in the council.

Georgia.—In 40 counties, the Union ticket has 15,793—the State Rights' 16,258. Forty-nine counties to be heard from. The Charleston Courier of the 13th inst. states that returns from 24 counties (all that had been received) showed a gain in the State Legislature, of 6 members to the Union party. The Augusta Constitutionalist of the 10th, says—"As the Congressional returns received so far are from some of the principal State Rights' counties, it is placed beyond any doubt that the Union ticket for Congress is elected by a large majority."

The Democratic majority in the State Legislature will be at least 40 in the lower, and 8 in the upper house.

The Young Lion of the West is coming gallantly to the rescue. The N. Y. Post says—"From Ohio, bordering on Pennsylvania, news of the most gratifying kind has been received. The following letter comprises the particulars. The portion of Ohio from which we

may expect tidings to-morrow and next day, is presumed to have gone against us, as the opposition have heretofore had a large majority there. But when this first puff of ill news is past, we may look for a steady and triumphant breeze bearing the sound of democratic victory along with it. The subjoined letter is furnished to us by a highly respectable friend:—

Philadelphia, Sunday afternoon.—I have just seen a friend of mine from Stuebenville, Ohio, upon whose information I can rely. He says that Kilgore, our Candidate, has a majority of 150 in Jefferson County and Harrison County, as far as the returns show, his majority will be 500 in the District; (Leavitt District) and as far as the returns show, that Kennon, our Candidate, has beaten Bell, the present Bank member, by a handsome majority. General Thompson is re-elected in Columbianna County. There is no doubt but Lucas is re-elected Governor. I am fearful we have lost our Candidates against McKennan and Banks, who are said to be re-elected by small majorities. Our Legislature will be very decided.

Pennsylvania.—The great gain of the democratic party in this State is a most encouraging "sign of the times" to the friends of the National Administration.—We have already gained four members of Congress; of the opposition members who have lost their election is Mr Stewart, the ablest man among them, and whose absence his party will seriously lament—but he, like many of his associates, had misrepresented his constituents to please the Money King, and the people withdrew the trust they once reposed in him, and discharged him from their service. The democracy of the Keystone State are always true to their principles—bribery and intimidation have no influence over their honest and fearless hearts—they go for their country and the supremacy of her laws, not for a Speculating Corporation, which sets itself above the first, and in defiance to the latter. When we see this old portion of the Union right, we know that all is safe. The influence of Pennsylvania, arising from her extent of territory, and large and intelligent population, is very great upon the democracy of other States, and hence the strenuous exertions of the aristocracy to break down her power—their attempts to misrepresent her sentiments and degrade her character—but their efforts are made in vain—true to their attachments, nothing can swerve her hardy sons from the support of the democratic principles upon which the government is founded, and those who administer it agreeably to those principles. The tenacity with which the opposition cling to the hope of "re-action" in the sentiments of the citizens of Pennsylvania, and the confidence with which they affirm such "re-actions" to have taken place, in order to aid their cause in distant States, is the best encomium that can be passed upon the purity of their character and the correctness of their judgment; and consequently, we shall gain much from the moral influence of their unequivocal approbation of the policy pursued by Gen. Jackson—they have come out manfully—enthusiastically, in his support, and if the friends of the National Government in other States but do their duty as faithfully, democracy will be as triumphantly successful in the election of the next, as it was in the present Head of the Union.

Reciprocal Salutes of one hundred guns each were fired at the Battery (N. Y.) and at Jersey city on Friday evening, in commemoration of the democratic triumph of the "Jersey Blues." At dusk a bonfire was lighted on the extreme point of Castle Garden pier.—"A corresponding bonfire," says the Evening Post, "rose in a bright pyramid at the scene of the celebration, and threw its glare far over the sparkling waters of the Hudson. Rocket answered rocket, and shout succeeded shout, and the whole immense multitude joined in the loud hurrahs, and filled the air with the sounds of their wild and hearty exultation. These wild sounds were followed at intervals by the music of a full band, the martial airs performed by which accorded well with the general feeling. On the salute being completed, the whole concourse, composed of thousands, fell into procession, and with the music at their head, proceeded in triumphal march and with the utmost order through Broadway and Chatham street, to Tammany Hall. The doors of the great Council Chamber were thrown open, the multitude poured through them like a flood, and in less than three minutes the ample Chamber was filled to its utmost capacity. The throng of citizens, thus spontaneously assembled, immediately proceeded, with the utmost decorum, to organize themselves into a meeting, by the appointment of proper officers, and several of their number delivered animated and happy addresses, on subjects pertinent to the occasion which had thus, as with one mind, brought so numerous a body together to the scene of many a democratic triumph."

Orders have been received from the Treasury Department, based on a late decision, directing that all leaden busts should be given up to the importers, and no further questions asked.—N. Y. Jour. Com

We understand that instructions have been received by the Collector of Boston, from the Treasury Department, to refund the duties in Mr Leavitt's particular case in which the suit was decided, and to exclude all others from his benefit.

Bad for Rogues.—The editor of the N. Y. Transcript has resuscitated old Hays, whom we killed the other day—it appears by that paper that it was Mr Joseph L. Hays, who died in Philadelphia, not the High Constable of Gotham.

It has been ascertained that Mr Perkins, the Newton Postmaster, who disappeared so miraculously a few days since, and whose hat and coat were found on the bridge, has absconded for debt. A creditor is now in pursuit of him.

Military.—A review of eight companies of Light Infantry, and ten companies of Artillery, from the 1st Brigade 3d Division of the Militia, will take place this day, near Murdock's Hotel, in Cambridge. The line will be formed at eleven in the forenoon.

We learn from the Montreal papers that the British Government has given a decision in favor of allowing American beef and pork, salted, to be exported from the Canadian ports to other British ports, duty free.

The Tabernacle Church and Society in Salem, have given a unanimous invitation to Professor Samuel M. Worcester, of Amherst College, to become their Pastor.

Judge Duval, one of the Judges of the Supreme Court of the U. States, has determined to resign his office, and will not take his seat upon the bench again.

POLICE COURT.

Sprigs of Fancy. William Clark and John Robinson, a couple of black boy bullies, were arrested by the watch, while engaged in an amicable set-to with heads, heels, fists, nails and teeth. They were somewhat surprised at the untimely interference of the authorities, as both parties were agreed to stand or fall upon the issue of the contest. They were both placed in the same lock-room, where they renewed the undecided battle; but were again disappointed in bringing it to an honorable and satisfactory termination. Robinson said he "shouldn't a fit, but he didn't want folks to go for to think he was afraid;" from which it appears that black braves and white one fight for the same reason—"the fear of being thought afraid;" as Sir Robert Peel expresses it. Each fined \$3 and costs. Robinson filed a claim for abatement of damages, in consideration of the bites he had received, but without success.

Joseph H. Sayhon was so full of rum and fight on Sunday night, that it took three sober men to hold him down, and sharpen his nose on the pavement. He struck at friend and foe indiscriminately, and "swore he'd kill his own father, if he laid hold of him;" but a lodgment on the flag flooring of the jail cooled his courage so completely, that he might have been "brained with a lady's fan," when brought to the bar.—"I hope you'll excuse me this time, your honor, and I'll never do the like again," snivelled out the poor child, as \$3 and costs was announced from the bench.

John Fitzgerald, after paying four visits to the watch-house, during the past week, was honored, in return, about 12 o'clock on Monday night, by a domiciliary call from the watchmen, who arrived at John's homestead just in time to prevent a knock down between him and his wife. They were both mellow, and were struggling together for the possession of an infant child, or, as the female novelists spell it, for the "pledge of their mutual affection." As John wore a decent coat, he was only done 14 days' worth.

James Sheridan Knowles—the best dramatist since the days of "old Will of Avon"—the accomplished gentleman—the free, noble hearted, generous son of Genius, will take his leave of the Bostonians this evening in a benefit at the Tremont. William Tell, from his own pen, a piece in which Macready won his highest fame, is selected for the entertainment.—Mr K. will appear as Tell. In this character he has no equal—for no other man can comprehend the exact conceptions of the author—it is full of "unwritten thoughts"—it sprang fresh from his heart—his whole soul was alive to the task, and imparted to it all its natural, glowing and unrestrained love of LIBERTY, its unchecked enthusiasm, clothed in rich and burning poetry. This may be the last opportunity the citizens of Boston will have of listening to this distinguished poet and actor, and we trust they will manifest, to-night, their just appreciation of the unrivalled literary, and exalted professional and personal merits of him whose talents and ingenuity have so often contributed to their instruction and pleasure, leaving upon his mind a recollection of his Eastern friends as unfading as the emerald brightness of his own native Isle.

Artillery.—The Boston Artillery, under Capt. Dison, made a public parade on Friday last, and marched to South Boston, for the purpose of target shooting. Their appearance was truly soldier-like—their uniform, which is new, is neat, and their appearance was such as to afford great gratification to the numerous friends of this excellent corps.

Black Hawk is at St. Louis. He arrived there a short time since with a small band of his tribe, and is receiving the courtesies due to great men, in profusion. Three hundred fishing vessels arrived at Ipswich on the 19th inst. with an average of 20 bbls each, taken the preceding day in Ipswich Bay.

Latest from Europe.—By the Fredonia, Capt Page, arrived on Saturday, we have received London dates of the 10th, and Liverpool to the 12th ult. They do not contain anything of interest.—N. Y. Gaz.

The papers give in full the accounts of the riots in Charlestown, New York, and Philadelphia.

Liverpool, Sept. 10.—Yesterday's Cotton market was a bad one to buy in. Holders wanted more money, particularly upon its being reported on change, that they had a good day at Manchester. It was generally expected we should have much doing to-day. The holders are much disappointed however, in to-day's attendance of buyers, as they find no great encouragement in the Manchester accounts, which speak certainly of a fair business, but do not hold out any expectations of its continuance, on account of the export season to the continent, drawing to a close. We do not think much will be bought to-day by consumers. Several hundred bales have been sold to-day at prices which were refused yesterday.

Sept. 11.—The sales of Cotton on Saturday were 3000 bags—Monday 5000 bags—Tuesday 2000 bags—Wednesday 4000 bags, and to-day there were 2500 bags—prices are maintained steadily by the help of speculative purchases to the extent of 3000 bags. Arrived, one vessel from N. Orleans.

London Market, Sept. 9.—Sugar—there is not so much doing in West India sugars this morning, but it is not improbable that the demand will increase before the close of the day. The late prices are fully supported. There are no sales E. India sugar of any extent to report. Foreign—since the public sale of Havana, we gave Friday last, there has been no business of any extent. The prices are unvaried.

From Canton.—The ship Washington, from Canton, brings papers to the 12th April.—Star. Calcutta papers received at Canton, say, that the establishment of a Chamber of Commerce was spoken of.

The Prince Royal of Persia, Abbas Mezza, died at Meshed, while engaged in carrying on a war against Herat.

The subject of steam communication of India with Europe, was a subject of general consideration. In the northwest of India a war is going on for the possession of Canbal and Chandahar.

Fire.—About half-past 7 o'clock on Saturday evening, a fire commenced in the block fronting on Hamersley, Clarkson, Washington and West streets. The fire is supposed to have originated in the smoke-house of Mr Amos Bridges, 675 Washington street, which is near the centre of the block. The lumber-yard of Thomas McKie, 582 Washington street, was entirely destroyed, amounting to \$10,000. No insurance. Two of Mr Andrew Wilson's packing-houses adjoining Mr Bridges, were also destroyed. Mr Stephen Potter, on West street, lost part of his stock of lumber. Mr Lyman Taylor's lumber-yard on Clarkson street, corner of West street, took fire, and about \$500 worth of property was consumed—not insured. Three frame buildings north corner of Washington and Clarkson, the property of Mrs Williams, much injured, insured. Mr Willet's packing establishment on the corner of Washington and Hamersley was not injured. The houses on the east side Washington street were not materially injured. Total amount of loss estimated at about \$50,000.—N. Y. Gaz.

City Affairs.—At a meeting of the Mayor and Aldermen on Monday—

The Board adhered to its vote non-concurring with the Common Council, instructing committees to advertise for proposals in certain cases, and re-considered its former vote, by which the salary of the Master of the House of Correction was increased from \$800 to \$1000, agreeably to the reports of the committees of conference upon those subjects.

Wm. Lewis was nominated and appointed 2d assistant Foreman of Engine No 16.

The Board concurred in the order of the Common Council, instructing the committee of Finance to inquire into the expediency of making provision for the more regular collection of debts due to, and claims held by the city, and prescribing more definitely the duties of any of the city officers in relation thereto, with liberty to report by ordinance or otherwise.

The Board concurred with the Common Council in the report of the committee appointed to cause to be erected a building for the inmates of the House of Reformation, that said building ought to be of stone, viz—rough Ashlar backed with rubble.

On Friday, the 12th inst. the Paper Mill, in Harvard, owned by Gen. John P. Whitcomb, was entirely destroyed by fire. The fire was communicated by spontaneous combustion amongst the cotton waste, which was stored in the Mill. There was no insurance; and the loss is estimated at \$25,000.

The Advocate says that the funeral procession of Mrs St Henry, on Monday, consisted of 720 girls, 592 boys, 764 men, 164 women, 29 coaches, 2 carriages, and 4 chaises, and extending from the Catholic Church, through Federal, High, and South streets, to the new South Boston Bridge.

Reciprocity.—The following is a literal copy of a billet sent by the clerk of a parish in Warwickshire, to a neighboring friend of the same calling:—"Dear John, Will you bury my wife and I bury yours any other day when you want me I shall be very happy any time I am yours to be obliget William Turner."

At the battle of Vimiera, the 71st were opposed to the French 70th; after the action, a soldier of the first mentioned corps, looking at the buttons of some men of the other that lay dead near him, uttered the *bon mot*, "I well knew that we were one too many for them."

In 1663, Constantinople contained 1669 streets, 120 markets, 1652 great and small schools, 4122 mosques and churches. The great city was 20 miles in circumference, and had, on its walls, 360 towers.

The whole amount of Gold and Silver in the United States, is estimated to be about fifty millions of dollars.

The value of cotton received in and shipped from Augusta, (Geo.) for the year ending the 1st instant, will, it is estimated, exceed \$6,000,000.

The State of Pennsylvania is in debt about 23,000,000.

U. S. Bank selling in New York at 108 1-2 a 108 3-4, 60 days, and interest.

REVIEW OF THE BOSTON MARKET.

FOR THE WEEK ENDING TUESDAY, OCT. 21.

ASHES.—The transactions have been for Pearls at \$112, and a few certificates at a shade less—the stock which is considered small for the season, is held by few persons, who do not anticipate any immediate change on present prices. In Pots the business done has been quite small, prices ranging from \$85 to \$88 per ton.

BARILLA.—Has been in more demand, the manufacturers have small stocks, and a part of a late importation of Tenerife has been sold at \$50 per ton.

COAL.—The sales during the past week have been less extensive, and prices are a shade lower—cargoes of foreign have been sold at \$10 for New Castle, Orrel at the same, and some lots at \$9 1/2 per chal. The public sales have been 100 chaldrons Orrel, at \$10 1/2—New Castle 10 1/2, and Cannel, which is a scarce article, at 12 1/2 per chal.

COFFEE.—The descriptions most in demand are good to prime green, which are scarce, and command our highest quotations—Porto Rico 12 a 13c, and Laguira 12 a 12 1/2 per lb.—Sales 300 bags St. Domingo 10 1/2—200 do do 10 1/2—300 do Rio 11 a 12, and Java 13c per lb.—450 bags new offered at auction, 70 only sold, 13c—residue withdrawn—250 bags 9 1/2 a 9 3/4 per lb.—4 & 6 mos.

COTTON.—The transactions are upon a very moderate scale and prices do not appear to have sustained any material change for several weeks past. Small sales of Upland have been made, for seed, at 14 1/2 a 15 1/2, and a lot of new do at the latter price—the principal lots are held at 16c—N. Orleans 15 1/2 a 16c, and Alabama at 16c per lb.—5 mo c.

DRUGS.—The transactions in Dyewoods have been necessary, but on account of the small supplies, and there has been but little done in Indigo, purchasers are not inclined to operate to much extent on account of the dull state of European markets, the sales have therefore been confined to small lots of good consuming qualities, at 1.35 a 1.40 per lb. 6 mos.

DRUGS.—Sales 50 a 60 cases Ral Brimstone at 4 1/2 a per lb, more business has been done in Opium, and Camphor is in better demand with former prices. O. to Rose continues scarce, and is held at \$22 per oz—sales Balsam Capivi at 16 c and refined Borax 20 a 21 c per lb. There has been an increased business done in most of the leading articles, and prices have acquired more firmness.

FISH.—The business done in shipping qualities Codfish has been for stock and Bay 2 1/2 a 2 3/4 per qtl, and Hake 1.50—common stock at 1.20 a 1.30 per qtl. In Mackerel the sales have been about equal to the supplies, No 1 5.50 a 6.00 and No 2 4.94 a 5.50 per bbl No 3 4 a 4.25 with the charge of 10 c per bbl in addition for inspection, some arrivals from the out ports have been sold at a reduction of 1-8 dollar per bbl. Sales No 1 Salmon have been made at \$14 per bbl.

FLOUR.—No change of any importance exists in the market, sales Howard street have been made at 5 3/4 a 6 mos, and 5 1/2 cash, Alexander mountain 5 5/8—3000 bbls Genesee in lots at 5.50 a 5.56 per bbl cash.

GRAIN.—The late sales by auction consisted of 4 a 500 boxes of higher—sales Northern being made at 4 1/2c, and Southern 3 3/4 a 4c per bush. Rye also has advanced, in consequence of the small stock, and sales have been made at 86c per bushel.

HEMP.—Since our last report, sales 50 a 60 tons Russia clean, have been made at 165 a 167 50 per ton—and a few tons prime at 175, and Manila 7 a 7 1/2 a 10c per lb.

HIDES.—The market for most descriptions of Dry Hides, has sustained an improvement on late reported prices—sales Buenos Ayres have been made at 13 1/2c, Matanzas 10c, and Pernambuco are now held at 10 1/2 a 11c per lb, and one lot only remaining in first hands.

HAY.—There have been large sales of pressed and screwed at \$14 a 15 per ton, and 500 bundles partially injured by the late rains, at \$11 a 13 per ton.

HOPS.—The transactions since our last have been 4 a 500 bales, at 16 a 17c per lb for first sort, and 2d lot 14 a 15 do—the quantity offered for inspection for the last week is not far from 1000 bales.

LIME.—Sales 2000 casks have been made in lots of about 500 casks each, at 90 a 100 per cask.

LUMBER.—Is in good demand, and cargo sales have been made at \$12, 16 and \$24 per m.

MAHOGANY.—Sales by auction 2 a 300 logs Honduras, at \$4 a 14c per foot, 6 mos.

MOLASSES.—The stocks in the early part of last week were large, and further arrivals momentarily expected, holders evinced an increased desire to sell, and met the purchasers, who operated to a considerable extent at 23 1/2c per gal for distilling qualities—the increase of demand at the close caused prices to revive, and sales were made at 24 c per gal for Havana and Matanzas and 25 a 26 c for sweet, 400 hhds Surinam 25 a 22 c, Trinidad 25 a 24 c, and Porto Rico 25 a 24 c and Martinique 25 a 26 3/4 c a 6 mos c.

OILS.—Sales linseed have been made at 93 a 100 per gallon, and 10c per lb remaining in first hands; olive in fair demand, 93 a 96c per gallon, and sperm 90c; for summer and winter 98 a 100 per gallon, 6 mos c.

PROVISIONS.—Sales new Beef have been made at \$10 50 and old at 50 per bbl of the former the supplies are small, in consequence of the limited number of cattle that have been brought into market; prices for Beef on the hoof we understand, have opened higher than was anticipated. Pork is in good demand, and prices the same as last reported.

SUGAR.—The transactions since our last consist of 300 boxes Havana and Trinidad in lots, at \$4 1/2, and 100 do white 10 1/2; 100 hhds Porto Rico 7 1/2, and a few prime \$2 1/2. The stock of box sugars in first hands does not exceed 700 boxes—holders of prime qualities are firm.

SALT.—Cargo sales Liverpool have been made at 21-23 1/2, the former cash, and latter 6 mos; 1000 bags Liverpool fine at 1 a 2 1/2 45.

SPICES.—Sales Cassia have been made in mats at 12c 6 mos; 20 bbls Cayenne Cloves 17 1/2c per lb, cash; Nutmegs 135 a 140 per lb, and Pepper at our quotations.

TOBACCO.—There was a lot of 20 hhds approved Leaf sold last week at \$10 per lb, 6 mos.

WOOL.—The transactions have been very inconsiderable, and prices reported in our list are continued.

WORKING-MEN, ATTEND!—The Working men of this city are requested to meet at the Union Hall, in Harvard place, opposite the Old South Church, next FRIDAY EVENING, at 6 o'clock, to hear the Report of the Committee appointed at the last meeting, and make the necessary arrangements for the coming Election.
By order of the Committee. o 22

MASS. CHARITABLE MECHANIC ASSOCIATION.—The first Lecture of the course for the present season will be delivered THIS EVENING, the 22d Oct. at Masonic Temple, by the Hon. JOSEPH STORY. To commence at 7 o'clock.
No person can be admitted without a ticket. To prevent interruption, the doors of the Lecture Room will be closed as formerly five minutes after seven. o 22

J. B. SCHOENER, Miniature Painter, having returned from an excursion to the South, may be found at his room, No 30 Joy's Buildings, where he is prepared to execute all orders in his art. eop5w oct 16

SOUTH BOSTON.—NOTICE.—The Democratic Republicans of South Boston, are requested to meet at Harding's Hall, corner of Turnpike and Fourth streets, on FRIDAY EVENING, at 7 o'clock, on business of importance. o 22

B. FUSILLERS.—You are hereby ordered to meet at Concert Hall, 77 THIS EVENING, 21 October 22d, at 7 o'clock, precisely, for business of importance. A punctual attendance is requested. Per order of the Commander, 620-515 NOAH LINCOLN, Jr. Clerk.

NOTICE.—There will be a meeting of the Democratic Republican citizens of Ward 12, at the Ward Room, in the Franklin School House, THIS EVENING, at 7 o'clock. o 21

NOTICE.—There will be a meeting of the Democratic Republican County and Ward Committees in the District Court Room, Court Square, on MONDAY EVENING, next at 7 o'clock. A punctual attendance is particularly requested. o 22 Per Order JOHN WADE, Jr. Secy.

TO MASTER MASONS.—The Boston Operative Masons Society, by a unanimous vote, respectfully invite the Master Masons of Boston to attend a meeting of said Society to be held at Trades' Union Hall, on THURSDAY EVENING, October 23d, and show reason, if any they have, why the Journeymen Masons of this city, should not adopt the ten hour system of labor the next season. 54* o 21

col street, a superior article
aug 8

PRINTING of every description neatly, promptly and cheaply executed at this office.

A. WATKINS, THOMSONIAN BOTANIC PHYSICIAN.—Infirmaries, Harvard street, opposite 499 Washington street, Boston. Has been practicing with and possessing a right to use the Thomsonian Patent Vegetable Medicine, for the last 21 years, and administered them in Europe, and South and North America, (including the West India Islands), and with as much success as any other can, (with truth), boast of. In the nine months' practice he has had in the Harvard street Infirmary, he has not had the slightest change in his patients, although many of them had been for years in the hands of the members of the Medical Faculty, and some of them abandoned to their (supposed) hopelessness. As he is so well known in Boston, it is unnecessary to enter very largely into a detail of success. The following are a few of the patients:

Stephen Gore, (inquire at Thomson's Harvard street, Boston), totally blind for about 5 months, one eye, nearly destroyed, general debility, legs swollen and lame—appeared completely changed, with poisons. General debility restored; eye sight good—could see 200 feet (without glasses) in 5 courses, &c. better than he could for seven years previous.

Mr. Parker, now assistant at the Infirmary, rheumatism and dyspepsia, cured in 3 courses.

Francis Kemio, 150 Court street, Boston, severe indigestion and spasms, cured in 3 courses, &c.

Thomas Pierson, of Roxbury, and keeps a stall in the new Market, Boston, erysipelas in the face and one eye; leg very much swollen and ulcerated from the knee to the ankle for the last 23 years—attended by many physicians; nearly cured in 2 weeks.

Miss Charlotte Pierson, do, white swelling, with loss of appetite, &c. under medical treatment 5 months, and unable to walk—cured in 3 weeks.

Frederic Brown, of Roxbury, rheumatic and retrocedent gout, stomach, knees, ankles and toes greatly affected; has been confined to bed nine weeks—cured in 4 courses, &c.

Miss A. Brown, his daughter, scrofula or king's evil, cured with 4 courses, &c.

J. D. Smith, of Lexington, dyspepsia, several years confined to bed—cured in 3 courses, &c.

Samuel Hawes, of Weymouth, rheumatism in the back, strictures in the urinary passage, general emaciation, &c.—cured in 4 courses, &c.

Dr. Smith, calico printer, of Lynn, pain in the stomach and back, and strictures across the breast, &c.—cured in 2 courses.

Toll of Shepard street, Lynn, fits and severe cholera, from indigestion—cured in 2 days.

Benjamin Morgan, of Boston, cancerous or scorbutic humors, ulcerated, debility and loss of flesh; piles severe, and unable to dress or undress himself for a considerable time—cured with 5 courses, &c.

Joseph Kerrier, of Salem, rheumatism in his shoulders and arms—cured in 2 courses, &c.

Sarah Town, of Andover, indigestion, severe pains throughout the system, and piles—cured with 5 courses, &c.

Mr. Lucinda Kerr, Sea street, Boston, salt rheum; top of the head one entire scab—cured in 4 courses, &c.

A. W. cannot be at the expense to enumerate more cases, at present. He has not named cases in others, they are almost too ephemeral in the hands of a physician acquainted with his duty—the ignorance or continued fever, is unknown in the practice of such. Delicacy will not permit the naming of several diseases, which he has treated with universal success. In almost all the cases of diseases which have been treated by him, he has been under the necessity to expel not only the disease, but the poisons which produced and continued them—and all with innocent and harmless simples.

This practice induces him to believe he is not too bold in saying, the Thomsonian treatment removes all the poisons and poisons at the Medical Faculty from the human system, when resorted to in seasonable time.

For Medicine, Family Rights to use the same, Robinson's cures, &c., at the usual prices, apply as above.

Agent for Dr. S. M. WATKINS, June 23

ROXBURY INDIA RUBBER COMPANY.—The Roxbury India Rubber Company inform the public that they have opened a Warehouse, No. 109 State street, Boston. Since the commencement of their operations at the manufacturing, they have tested the usefulness and importance of this great invention, and have been enabled to supply the market and leather upwards of 100,000 yards. They have introduced the article into many parts of the United States with the greatest success, and it has been applied to the following uses, viz:

Gowns, ladies' and gentlemen's, Hats, Gloves and Stockings, Gaiters and Garters, Suction, Leading, and all other kinds of Hose.

Wagon, Stage and Rail Road Car Coverings, All kinds of Machinery Bands or Beltings, Hydrostatic and Air Belts, Coverings for Billiard Tables, Durable Life Preservers, Bandages for Physicians, Mail and Travelling Bags, Foreign Letter Bags, Knapsacks and Tents, Canvas and other Boat Coverings, Inside and out door Coverings, Suspenders and Pantaloon Stays, Physicians' Air Relics, Shoes and Boots of all descriptions, impervious to water or damp.

Some of the above articles have reached a great degree of perfection, and give general satisfaction. These are rapidly approaching it. Among them are the clothing, to which, it is found, the Rubber adds twice if not three times the strength and durability of the fabric. Shoes, Boots, Coverings for Tops, Sides and Curious of Stages, Rail Road Cars, and small and large Wagons, Belting, and all the above mentioned articles, and Life Beds or Mattresses. The above will be made to order, and have been fully tested and highly approved. They are now offered to the public, at the Company's Store, in such quantities as they have been able to manufacture. The Company, however, desire to establish their establishment, and hope to meet the wants of the public.

* Please address JOSEPH MARINER, Roxbury India Rubber Company, Boston. ep2m 0 4

IRON SAFES.—S. A. & W. G. PIERCE, Agents for selling Gaylor's Patent Double Fire Proof Wrought Iron Chests and Safes, 370 Washington street, have now on hand a large assortment, comprising all the sizes and kinds which are calculated for the use of Banks, Insurance Offices, Town Records, Merchants, &c.

The above Chests are double throughout in all their parts, with double doors, each secured with Chubb's Patent Detector Locks, which cannot be picked; and the Chests are as completely Fire Proof as any vault or chest can be made. Proof of which can be seen by opening the Chests, and the double doors, which have passed through a very severe fire, and preserved a valuable lot of books and papers, belonging to John S. Abbott, Esq., whose name is attached to the following certificate:

"This is to certify that the above described Double Chests, which I purchased of the Messrs. S. A. & W. G. Pierce, was in my office in this town when the office was burned on the 24th of November last—the building was of two stories, wooden, and large. The safe, weighing 700 lbs. fell from the second story into the cellar, and was exposed to an intense heat for nearly three hours. It was for a long time literally red hot. It contained all the account books, notes, and court papers, that were in my office; and no paper was in the least degree burnt or rendered illegible. JOHN S. ABBOTT.

Thomas, Janu. 1st, 1854.

The above Chest, and some of the papers which were in it at the time of the fire, are now at the Agents' store, corner of Essex and Washington streets, at any individual or corporate person who want purchasing Iron Safes for the protection of their books and papers, will find it for their advantage to call and examine them; and they will be perfectly satisfied that Gaylor's Double Safes are what they are represented to be—FIRE PROOF—and they will be still further satisfied that none other but the Double Safe would stand a severe fire.

Gaylor's Double Safes are made of iron, and can only be legally purchased in this city of S. A. & W. G. PIERCE, who are his authorized Agents. (tf—Jan 31

N. SNELLING, WOOLLEN DRAPER AND TAILOR.—For the Congress, recent, respectfully informs his patrons and the public that he is prepared to make to order and at the shortest notice, every article appertaining to a gentleman's wardrobe, in style and quality which he warrants to suit.

HIGH STREET HOSPITAL AND BOARDING HOUSE, FOR THE SICK AND LAME.—DR. E. SMITH takes this method to inform his friends and the public, that he has taken a large and pleasant house, No. 54 High street, between Federal and Athol streets, for the accommodation of the Sick and Lame, who may apply to him for help, upon the following

1. Nothing of a poisonous nature shall be given, on any occasion whatever; such as quicksilver under the names of mercury, calomel, corrosive sublimate, arsenic, antimony, nitre, opium, laudanum, &c. No blistering, bleeding, steaming, or pouring cold water.

2. For boarding men, \$3 per week, women, \$2 per week, exclusive of washing.

3. For one course of medicine, \$2.50; such deduction from the above, if paid in advance. Advice gratis.

4. All persons who come under the recommendations from others that can be relied on, must obtain security if required, or pay a certain sum in advance.

5. Money due for board must be paid every other week, unless an arrangement is made to the contrary, upon certain conditions.

6. No person received to be attended, to be out later than ten o'clock at night, or drink spirituous liquors.

7. People (who live in the city or country) who come to be attended once, and stay one or two nights, to pay \$3 for board and attendance.

8. Those who come or send their children or friends, may depend upon their being treated in a faithful and friendly manner.

The following are among the many diseases which have been cured by the use of the Vegetable Medicines—Ague in the blood, pain in the Head, Erysipelas, recent Deafness, Catarrh, Dropsy, Swelled Neck, loss of speech, King's Evil, Lock Jaw, St. P. Neck, Asthma, Rheumatism, Consumptive Complaints, Dyspepsia, palpitation of the Heart, Palsy, Piles, Tape Worm, Jaundice, Cholera, Cholera, St. R. Rheum, Strangury interna, Bleeding, Chills, Hic, Leprosy, Female Complaints generally with many others, too numerous to mention here.

A great variety of Vegetable Medicines prepared by E. SMITH, and constantly for sale at No. 54, High street, by Daniel Lillie, No. 15, Thelston-street, North End. Also, by Moses Ross, Haverhill, Mass.

VEGETABLE MEDICINES. Prepared by Dr. E. Smith, 54 High street, Boston

The following are among the many preparations kept constantly for sale at No. 54 High street—

Vegetable Elixirs.—Excellent for pain in the stomach and bowels, and Rheumatic complaints.

Pills.—For the head ache, bilious complaints, costiveness, dyspepsia, and difficulties in the stomach and liver.

Vegetable Powders.—Useful for cold and foul stomach, violent dyspepsia, sore throat, and to relieve from threatened fever.

Vegetable Bitters.—For Jaundice, loss of appetite, sickness in the stomach, head ache, &c.

Botanic Ointment.—A certain cure for humors, corns, stiff joints, shrunk cords, stiffness in the neck, rheumatic pains, swelling in the throat, chilblains, chapped hands, weakness and pain in the back, sores, ringworms, cuts and burns.

Olive Ointment.—Very useful for Salt Rheum, as many can testify.

Health Restorative.—Excellent to remove obstructions in the kidneys, for stranguary, diabetes, and various female complaints.

Cough Powders.—Good for whooping cough, and ulcers in the throat.

Cathartic Drops.—Excellent for indigestion, liver complaints, stranguary, obstructions in the kidneys, and a certain cure for costiveness.

Orders for any of the above medicine will be attended to faithfully.

EYE AND EAR INFIRMARY. No. 54 High street. Diseases of the Eyes and Ears, recent Deafness, Catarrh, Catarrh, and other difficulties of the Head, attended to with safety and success, on reasonable terms. June 6

J. F. FOSTER'S PATENT IMPROVED—An effectual remedy for the dangerous and distressing disease of RUPTURE, to call at this office, No. 385 Washington street, in rooms over the Roxbury Dye House office, (at the sign of the Eagle and Tree) where he is in constant attendance, to adapt his Trusses to the particular case of the patient, as Successor to Mr. Beath.

Separate rooms will be provided, so that three or four individuals calling at the same time will not be interrupted.

It is the oldest establishment of the kind in the State—Mr. B. has followed the profession more than thirty years—during which time Mr. Foster has been under the instruction of Mr. Beath's plan, and others of approved kinds. Although not self-taught, and exclusively, he has made himself to be a competent and successful practitioner, and for individuals who he is at liberty to refer to himself, since he has been severely afflicted with the disease himself, since he has been 12 years a sufferer from it, and has gained a thorough knowledge of the business. All Trusses made and sold by him, will be warranted to keep the protruded parts within the cavity of the abdomen.

Among the variety of Trusses made by Mr. Foster, are Patent Elastic Spring Trusses, with Spring Pads—These without steel springs; these give relief in all cases of rupture, and in a large portion produce a perfect cure. They can be worn day and night. Improved Hinge and Pinot Trusses, Umbilical Trusses, Knee Caps, and Trusses with Ball and Socket Joints—Trusses for Prolapsus Ani, by wearing which, persons afflicted in that way, can ride on horseback with perfect ease and safety. Mr. F. also makes Trusses for Prolapsus Uteri, which have answered in cases where pessaries have failed. Suspensory Trusses, Knee Caps, and Common Trusses are kept always on hand, charged at the lowest prices. Machines for remedying deformities.

Mr. F. will visit individuals at their houses when preferred—he takes measure of infants at any age, and makes Trusses for both double and single rupture, which may be worn without pain or inconvenience, and which in many cases will produce a perfect cure, in the space of six or twelve weeks, in such little children; he has had occasion to make a number of late, the Fathers and Mothers of which he will refer to, as well as Physicians of repute.

Individuals purchasing Trusses of the subscriber, which fail in their use, for any defect, or purpose, are respectfully invited to call and exchange them for those that will, and for which there will be no extra charge.

Surgeon's Instruments, and Trusses repaired at the Manufactory.

* Ladies wishing for either Trusses or Belts, can be attended by Mrs. BEATH, at her residence, 585 Washington st. July 16

POSITIVE, OR NO PAY.—Mrs. Hill's Cough Drops, or Cough No Pay Restorative.—Prepared entirely from Vegetables.

More than forty years have now elapsed since the receipt was given me by my uncle, a celebrated Physician, at a time that I was troubled with a very bad cough and cold. After taking one bottle of these drops, and a few days rest, I was cured; and the effects were astonishing quick, and the numerous instances of the wonderful efficacy of these drops on different people, has induced me to put them in Philadelphia, with directions, under the impression it would be a public benefit. And as that I am sole and exclusive agent for the State of New York, and as a guarantee against quackery and deception, I am glad to give to return the money to all those that do not get relief by their returning the bottle and directions. The relief and absolute cure, particularly of these numerous and complicated disorders, has induced me to give this receipt, and is amply attested by the acknowledged approbation of those who are now restored to perfect health, as well as many in the decline of life who acknowledge having received great relief from the use of them in the following diseases, viz—Coughs, Colds, Asthma, Spasms of the Throat, Whooping Cough, Difficulty of Breathing, Influenza, Quins, Hic, and all disorders arising from colds. Price 37¢ cents per bottle.

For sale wholesale and retail by J. P. Hall, Jr. sole agent, No. 1 Union street, corner of Elm street; Asahel Boyd, agent, corner of Beacon and Cornhill streets; A. Geyer, Haverhill st.; John White, Jr. School st.

Also retailed by most of the Apothecaries and country stores throughout the country. June 26

INDIA RUBBER CLOTHING.—Water Proof India Rubber Garments of every description, among which are long Surtouts, 4 Pea Coats, Frocks, Pantalons, Capes, Camlet Coats, and Frock Coats, with the Rubber inside. Trowsers with shoes attached to them, for use in the water. Also, Life Belts, Air Cushions, Gas Bags, &c., all made without sewing and warranted to be alike unaffected by water, heat or cold, and perfectly impervious to the air. Ready made, or made to order wholesale and retail by J. MARINER, No. 7 Congress street.

The cloths from which these articles are made, are manufactured only at the Roxbury India Rubber Factory.

Great improvement has of late been made in the covering of the cloths, and in the manufacture of the garments, and from the known quality of the India Rubber, as well as from the numerous testimonies in favor of these goods, by those who have given them a fair trial, they are recommended to the public with the utmost confidence that they will perfectly answer the purpose for which they are designed.

Stage Robes, Spoormen, Seamen, Firemen, Travellers, and all others exposed to the wet, will find such protection from the use of the India Rubber Garments, as can be obtained from nothing else. May 9

WALES & WOODMAN keep constantly for sale, at their Satin Beaver Hat Manufactory, No. 42 Congress street, SATIN and BEAVER HATS of all descriptions, of their own manufacture, Fur Caps—Fur Collars—Satin Skins and Trimmings—Skivvers—Bandings—Bindings—Tips, &c. &c. —ALSO—

Satin Plush, Satin Hat Bodies and Varnish of superior quality.

Gentlemen wishing to purchase the above articles would do well to call and examine them before purchasing.

Hats of all qualities and shapes made to order. Sept 13

150 SET JASPER, CORNELIAN AND AGATE EARRINGS.—Just received at WARREN RINGS, PINS, &c. at reduced prices. May 15

INDIGESTION, JAUNDICE AND BILIOUS COMPLAINTS.—ANDERSON'S VEGETABLE ELIXIR, for Dyspepsia or Indigestion, Jaundice and Bilious Complaints; weakness of the Stomach and Bowels, and consequent loss of appetite; nervous complaints, headache, sour stomach, flatulence and habitual costiveness.

This medicine is composed entirely of vegetable substances, is perfectly safe in its operation, and may be given to children or the most delicate habit, without the least risk of inconvenience.

The uniform success which has attended the use of it where it has been extensively used, in Boston and various other parts of the United States, and in the West Indies, attested by disinterested and highly respectable persons, affords, next to a trial, the most conclusive evidence of its efficacy, and the best recommendation which can be offered to those who are unacquainted with it.

Extract of a letter received from a gentleman in Boston, who has used Anderson's Vegetable Elixir, for the last three years. "During this time, I suffered very much from mental depression, constant pain in the head and breast, and side, sharp shooting pains over almost the whole system—the food that I ate seemed to pass into my lungs and there remain, giving me great pain attended with a strong degree of heat. At times, I suffered so much from the pain of indigestion as to be confined to the bed for two or three days. During one of these most severe attacks, I was induced by the advice of a friend to try your Vegetable Medicine. In the course of a few weeks I found myself much better, and by the time I had taken a bottle, considered myself wholly cured. I am now in the enjoyment of the most perfect feeling of any thing like indigestion or pressure on the stomach, to take about a table spoonful of it, which, in the course of a few hours, completely restores me. It has had with me a very wonderful effect, in strengthening the stomach and invigorating the system, and in restoring to my own case, I consider it in all diseases connected with the digestive organs, to be a very valuable medicine."

It has been found singularly efficacious in cases of the most obstinate headache.

It is sold in glass bottles containing a pound and a half, and sold at seventy-five cents each, by Jonathan P. Hall, Jr., No. 1, Union street, John P. Whitwell, Milk street, John J. Brown, near Boylston Market, Erastus S. Holden, near the Western Avenue, Richard A. Newell, Summer street, Boston; Kidder & Co. Charlestown; E. G. Lennon, Roxbury. 18

PATENT FOR THE U. STATES.—Mott's Patent Medicated and Champoo Baths, and Systematic Vegetable Medicine. These Baths are well known to the medical faculty as being patronized by the medical faculties of Europe and Asia, and are considered in the Oriental Empires as the greatest luxury they enjoy, being a preventive as well as a cure of contagious diseases—and they are now introduced in the United States in a new and perfect form, and with the greatest confidence and success. These Baths are medicated according to the disease—they are now open to the public, and will be administered to families or individuals, under the direction, or according to the prescription of their physician.

Mr. Mott will undertake the cure (or the relief) of all Chronic Diseases, Wounds (including Gunshot Wounds, Ulcers, Abscesses, internal or external, Gout, Rheumatism, TicDoloureux, Cancers, Impostumes, and other complaints incident to the human frame.

Dr. Mott's personal superintend the various Baths, and attend to the prescriptions of the Medical Gentlemen in behalf of their patients.

Without boasting of the cures that have been performed, or pretending to any wonderful knowledge, he would merely say, the happy to render the Baths, and the system of Medicine itself, useful to the Medical Faculty of Boston, leaving it to an enlightened public to decide.

Those spacious premises have been fitted up with great expense, at the corner of Lynde and Cambridge streets, and other places have been purchased to be fitted up as auxiliary establishments. It is the object of the proprietor to state, that the medicinal preparations are used—no hot medicines, or cold water—but it is, in fact, a union of the simples of the Materia Medica with the Herbal Medicine—therefore called Vegetable.

Mr. Mott has purchased to be fitted up as auxiliary establishments. It is the object of the proprietor to state, that the medicinal preparations are used—no hot medicines, or cold water—but it is, in fact, a union of the simples of the Materia Medica with the Herbal Medicine—therefore called Vegetable.
